Your business plan

Helping you with your business planning & forecasting

Name of business	
Date when completed	

Please read the following notes before completing the form.

(You may wish to talk to an accountant or your Local Economic Development Agency.)

- 1. We have designed this form to help you and us in planning your business.
- 2. You should provide as much information as possible, as this will help in assessing the viability of your business.
- 1. Complete the financial sections as accurately as possible. This will provide you and us with information on your major costs and profit projections.

It will also assist us in making recommendations on business products you may need.

Your business plan
